PRESS RELEASE

Truro Fire Department

July 23, 2014

Truro Fire Rescue Recruitment Campaign

Serve your community with pride, become a Call Firefighter with Truro Fire-Rescue! Truro Fire-Rescue plans to start a Basic Firefighter Recruit Program this September. We invite you to join our team!

Recruits will receive training locally that will prepare them to be certified as Firefighters. As a Call Firefighter you will be fully trained and certified to manage a variety of emergencies: structure fires, wildland fires, vehicle accidents, hazardous material incidents and medical emergencies.

As a Firefighter you will experience the pride and satisfaction that comes from being a member of a vitally important and successful team that protects our neighbors and our community. Call Firefighters often speak of the special camaraderie that comes from being a part of a dedicated and professional team of first responders. As a Call Firefighter you will have the opportunity to learn new skills and to safely and successfully perform those skills as you protect and serve your community.

To learn more about our department and how you can become a call Firefighter please contact Chief Brian Davis at 508-487-7548 or via email at chief@trurofirerescue.org
