Subject: DPW Ad Hoc Building Committee

The DPW Ad Hoc Building Committee began its work to review the existing conceptual design, square foot requirements, and current project cost on Monday April 1st, 2024. After eight meetings with our Committee Members, Town Staff, Town consultants, and with a unanimous vote, we are pleased to recommend a reduction in square foot to be no less than 20,150sf. As a result of the reduction in square footage, we are also recommending a maximum borrowing authorization for \$28,310,000.

Thank you,

Michael Cohen, Co-Chair DPW Ad Hoc Building Committee
