

TRURO COMMUNITY PRESERVATION COMMITTEE MINI GRANTS

In September of 2021, the Truro CPC Mini Grant program will start. Our hope is that this program will encourage applications for a range of small, creative projects that fall within the purposes of the Massachusetts Community Preservation Act. The four areas funded through CPC funding are:

- Open Space, including passive recreation
- Historic Preservation
- Community Housing
- Recreation - recreational activities that take place in outdoor, open, and more natural settings such as parks, playgrounds, and athletic fields, as well as community gardens, hiking and biking trails and the like.

Like regular grants, mini grants can be submitted by:

- Town boards/committees/commissions,
- Other organizations, or
- Groups of 10 or more Truro citizens.

Applications for Mini Grants can be submitted for projects up to \$20,000. Goals of the mini-grant program include:

- Encouraging applications from a wide range of Truro entities
- Encouraging creative ideas, pilot projects, studies to inform future work
- Providing opportunities to experiment with projects that could be taken to bigger scale
- Increasing knowledge of the CPC and the opportunities it provides
- Build community by working together on small, doable projects.

Below are grants in each funding areas that have been funded by the CPC in the past and examples of potential mini grants.
