**4. Administrator's Report:**

**4.1 Superintendent/Mike Gradone - We did not get the Green Communities grant to convert the boilers to propane. I will meet with town officials the morning of the 31st to consider whether we can fund the project from available funds, assisted by a grant from the Cape Light Compact. Michael Britt and I had an informative meeting with Dennis and Brian Boyle of the Energy Committee. We discussed heating options, and learned the history of the solar panels on the roof. We are now able to track the energy we generate from the panels, and by adding it to the Eversource bill, better understand our actual usage.**

**I will have a final report on the F18 year-end balance turned back to the Town.**
