To Board of Selectmen Chair, Paul Wisotzky:

Although we are unable to attend the April 19 hearing, we offer this letter as our input on 402/408 Shore Road. Since 1995 we have owned 396 Shore Road, which is two doors down from said property.

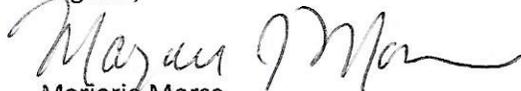

The old hotel and adjacent cottages are in extreme disrepair, and have been for decades. They are a serious eyesore and an embarrassing blight on beautiful Beach Point. Even more importantly, the property is unsafe, and its abandoned and deteriorated state attracts bad behavior and poses a safety threat. For example:

- Shingles from the roof litter the beach and are found in the water.
- "Squatters" often make the hotel a temporary home. It is unsettling to imagine that someone could be smoking in what is surely a tinderbox, that, if engulfed in fire would put all neighboring properties at great risk.
- Broken glass, splintered wood, and trash surround the property; one young man was visiting a neighbor and cut his foot so badly on glass near the property that he had to go to Urgent Care.
- Tourists stop and explore the property, not realizing the unsafe conditions.
- The boards on the windows are frequently torn off, providing easy access for unwanted activity.

We also understand that neighbors trying to sell their properties have been unable to do so specifically because potential buyers are discouraged by this unsightly, prominent mess. We do not want our own property devalued by the condition of 402/408.

Thank you for holding this hearing. We are encouraged that steps may be taken to fix a problem that has been allowed to fester for far too long.

Regards,

Marjorie Morse

SUMMARY

- The properties at 402 and 408 Shore Road have been vacant for a significant period of time and are an attraction for trespassers and vandalism
- Weathering of these structures has contributed to debris shed onto surrounding private properties and the environment; this includes roof shingles, window boards, shutters, asbestos composite shingles; paint that have blown off.

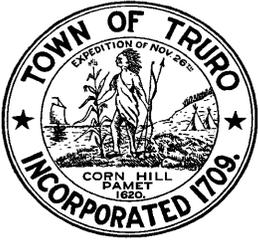

Continued....

- From outside observations, both properties are in a deteriorated state and pose a threat to the health and safety of the abutters and public and are in violation of 105 CMR 410.000, State Sanitary Code
- The National Fire Protection Association (NFPA) notes that fires in vacant or idle properties result in millions of dollars in direct property loss and are a significant expense for fire suppression and mitigation after a fire occurs
- More firefighters are injured while operating at fires involving vacant or abandoned structures than in any other property classification

Continued

- Uninhabited buildings that are not secure have a high probability of intentionally set fires
- Fire that develop in these types of buildings may develop for significant periods before they are detected and reported placing surrounding properties at risk of catching fire
- Deterioration due to age and weather can weaken the overall structural integrity of the building causing rapid failure of the structure in the event of a fire

Section 9. The mayor of every city and the selectmen of every town shall appoint a resident of such city or town who shall be a veteran as defined in clause Forty-third of section seven of chapter four, as a veterans' graves officer, for a term to be determined by the appointing authority; provided, however, that said term shall not exceed five years. It shall be the duty of such veterans' graves officer to cause every veteran's grave within such city or town to be suitably kept and cared for. Such care shall include the clearing of weeds and other unseemly growth from said graves; the repairing, replacement and general up-keep of fences around said graves; the raising and repairing of sunken grave stones and markers and other similar services that may be necessary to restore and maintain such graves and their surroundings in an orderly condition. Subject: RE: Veterans' Grave Officer Appointment question

Hi Nicole,
The Graves Officer is basically responsible for the following:

- Decorating town veterans' monuments prior to both Memorial Day and Veterans Day. This consists of placing two flags at each monument around town.
- Letting DPW know if any of the monuments need landscaping or repair.
- Decorating all graves of veterans in the town only for Memorial Day.. Veteran's graves are identified one of two ways - they have a metal flag holder or- they have an 18" x 24" flat marker provided by the VA. Many of our larger towns depend on volunteers to assist with this effort. If anyone reports that their veteran's grave is unmarked and thus not being decorated, you can have them contact our P'Town office (508-487-7099) and we will help them get it marked.
- Maintaining an inventory of flags for the above purposes. These are the 12"x18" sewn around cotton flags on a 3/8" dia wooden staff. He/she can let us know when additional stock is required and we can order them from our Chapter 115 benefits budget. If we do it that way, the Commonwealth will reimburse 75% of the cost.

Hope this helps. Please let me know if you need anything else and have a great weekend.

Ed

Subject: RE: Veterans' Grave Officer Appointment question

Hi Nicole,

There are three basic scenarios

- 1) If the grave has a metal flag holder, ensure that the holder is straight and then place the flag into the holder. Most cemeteries want the metal holders close to the headstone to stay clear of mowers.
- 2) If the headstone has a VA medallion (rare) - place the flag into the ground, approximately 3", and immediately adjacent to the headstone for the same reason as above.
- 3) Most graves will usually have the flat, 18"x24" VA marker (granite or bronze). As you are reading the marker, place the flag immediately adjacent to the top, center of the marker, inserted 3" into the ground.

Let me know if you need more info.

TOWN OF TRURO

Board of Selectmen Agenda Item

DEPARTMENT: DPW on behalf of the Massachusetts Department of Transportation

REQUESTOR: Jay Norton, Director

REQUESTED MEETING DATE: 5/24/16

ITEM: Presentation by MassDOT officials regarding proposed bike lanes along Route 6, South Highland Road and Highland Road in Truro

EXPLANATION: In September of 2015, Thomas J. Tinlin (Highway Administrator for MassDOT) furnished a letter (attached) to the Town explaining the feasibility of installing bike lane symbols and signage along the existing shoulders of Route 6 (From Wellfleet Town line to Aldrich Road in Truro). Subsequently, through ongoing discussions with MassDOT officials and discussions at the Cape Cod Joint Transportation Committee (CCJTC) meetings, a project design team at MassDOT District 5 was created to prepare design documents to be utilized for implementation of the bike lane improvements. In a meeting held at Town Hall on March 30, 2016 Pamela Haznar and Richard Madsen from MassDOT presented the attached powerpoint presentation to staff. Town staff exhibited concerns regarding the termination point (Aldrich Road) due to high traffic volume and the existing configuration of the shoulder layout after Aldrich Road. It was recommended to terminate the pavement markings along Route 6 at South Highland road and divert bikers down South Highland to Highland Road to the Route 6 crossing (continuing the pavement markings and signage along these routes as well). This component of the project has been included within the scope. This project also includes portions along Route 6 in Wellfleet. Staff from Mass DOT will be at your meeting to present the plan.

FINANCIAL SOURCE (IF APPLICABLE): This project will be funded through the Transportation Improvement Program (TIP). The estimated cost of the project is approximately \$500,000.

IMPACT IF NOT APPROVED: The Town will lose the funding from the TIP and will not have improved bike lanes along Route 6.

SUGGESTED ACTION: *MOTION TO endorse the bike lane improvements project along route 6 as presented by MassDOT.*

Paul Wisotzky, Chair
 Town of Truro
 Office of the Board of Selectmen
 P.O. Box 2030
 Truro, MA 02666

Dear Mr. Wisotzky:

MassDOT's District 5 Office has completed a preliminary investigation of the installation of bike lanes and other safety-related issues along Route 6. It has been determined that it is feasible to install bike lane symbols within the existing paved shoulders on Route 6 between Shore Road and the Wellfleet Town Line. However, there is insufficient space available for the installation of a milled rumble strip along the edge line. The District will investigate the use of a pavement marking contract to provide bike lane striping to be implemented in the Spring of 2016.

The reconfiguration of pavement markings in the vicinity of Shore Road will require additional study, engineering analysis and design to ensure the changes made are appropriate to meet existing conditions and needs. It is MassDOT's intention to initiate a stand-alone project for this location, obtain base survey information, traffic data, and secure a design consultant.

MassDOT District 5 Staff would like to meet with Town Officials to discuss the Route 6 improvements in greater detail. Please contact Pam Haznar, District 5 Project Development Engineer, at (508) 884-4239, or by email at Pamela.Haznar@dot.state.ma.us to discuss potential dates and locations to meet.

MassDOT looks forward to hearing from you, and to working with you to improve the conditions along the Route 6 corridor.

Sincerely,

Thomas J. Tinlin
 Highway Administrator

DRAFT

**Truro Board of Selectmen
Meeting, April 12, 2016
Town Hall Meeting Room**

Members Present: Chair Paul Wisotzky; Maureen Burgess, Jay Coburn, Robert Weinstein, Janet Worthington

Present: Town Administrator Rae Ann Palmer; Assistant Town Administrator/Town Accountant Trudi Brazil

Chair Paul Wisotzky called the meeting to order at 5:00 p.m.

CONSERVATION COMMISSION APPOINTMENT

The Board interviewed Henry Lum, an applicant for appointment to the Conservation Commission. Mr. Lum explained his interest in the Conservation Commission.

Robert Weinstein moved to approve the appointment of Henry Lum to the Conservation Commission for an unexpired 3-year term. Maureen Burgess seconded, and the motion carried 5-0.

DISCUSSION OF THE TOWN ADMINISTRATORS REVIEW PROCESS

Paul Wisotzky, Chair of Board of Selectmen, explained the evaluation process using the International City/Management Association (ICMA) criteria and additional Truro-generated criteria for the Town Administrator's performance review. Each of the members of the Board shared his or her observations for the review done with the Town Administrator. Everyone concurred that that they found Rae Ann Palmer outstanding in the ICMA areas of staff effectiveness, policy facilitation, delivery management, democratic responsiveness, organizational planning and management, communication, and integrity. The Board agreed that she was also superlative in the areas of the Truro criteria: communicating with board members, community relationships, working with other entities, maintaining sensitivity, having a sense of humor and crisis management.

The Board particularly appreciated her accessibility, her ability to come into a difficult situation after the loss of the previous Town Administrator and make things operate even without an Assistant Town Administrator and Planner, and her superb mentoring of staff. Some of her accomplishments to date include involvement in the Ballston Beach study, hiring a new Fire Chief, working with neighboring towns, and facilitating Board of Selectmen meetings. Everyone admired her sense of humor and her ability to think on her feet.

There were a few suggestions offered: shepherding Truro through climate changes, further work on staff organization, transportation development, offering Emergency Management Planning training to the Selectmen, hiring an Assistant Town Administrator, and avoiding burn out by remembering it is okay sometimes to say *no*.

Using the same criteria as the Selectmen, Rae Ann Palmer had prepared her self-evaluation which she shared with the Board. She promised to continue her efforts in staff development; she

is working on a project tracking system; she will keep fine tuning objectives; and she expects to work more with neighboring towns on strategic planning for shared challenges. She agrees with the Selectmen about hiring an Assistant Town Administrator. She gave her heart-felt thanks to Town Accountant/Acting Assistant Town Administrator Trudi Brazil for all the help that Trudi has given her in these first 18 months as Truro Town Administrator.

CONSENT AGENDA

The Consent Agenda contained the following:

A. Review/Approve and Authorize the Chair to sign:

1. Herring River Restoration Project Support Letter;
2. Wireless Communications Facilities Lease Agreement with Crown Castle (Consent for Modification with Verizon and T-Mobile) for Cell Tower located at 344 Route 6;
3. Water Service Application for suppression system located at 706 Shore Rd.;
4. Letter to Cape Cod Commission Regarding Expectations between the Town and the Commission;

B. Declaration of Surplus Property for the Fire Department of SCBA (Self Contained Breathing Apparatus) packs (15) and air bottles (15); and

C. Review and Approve Board of Selectmen Meeting Minutes of March 22, 2016.

Paul Tucker was present for the Declaration of Surplus Property. He said ICS will be offering a class in Emergency training in Wellfleet in May.

Jay Coburn moved to approve the Consent Agenda with amended minutes of March 22, 2016. Maureen Burgess seconded, and the motion carried 5-0-0.

SELECTMEN AND LIAISON AND TOWN ADMINISTRATOR REPORTS

The Selectmen and the Town Administrator all gave reports. Jay Coburn had attended a meeting at the State House concerning room tax and a Cape and Island Housing Council meeting on the topic of hunger. He has been appointed by Governor Baker to serve as a representative for a commission working to bring more focus to rural communities' needs. Janet Worthington said she is anticipating the return of Selectmen's Hours to the outdoor locations. Paul Wisotzky had attended a meeting of the COA Board to discuss the increased staffing for Fire and Rescue and transportation services that are needed. He also reported on the Pre-Town Meeting. Maureen Burgess is liaison to the Water Resources Oversight Committee, but she said their last meeting had not been held. Their work on a report they have been preparing is incomplete, according to Rae Ann Palmer. Ms. Burgess suggested some improvements to the sign-in process for Town Meeting. Robert Weinstein reported on the last meeting of the Planning Board which included the public hearing for the petitioned article for Annual Town Meeting. No one showed up at his last Selectmen's Hours held at the Library, he said. Town Administrator Rae Ann Palmer had attended the May 19th signing of Community Compact. She said there had been a request for a delay on the hearing for the Fore & Aft, but counsel recommended opening the public hearing on schedule and setting a date for a continuance.

NEXT MEETING AGENDA

Rae Ann Palmer and the Board reviewed a lengthy agenda planned for the April 19, 2016 meeting.

EXECUTIVE SESSION

Chair Paul Wisotzky moved to enter into Executive Session and not return to the regular meeting in order to discuss pending litigation (MGL 30A, § 21 (a) (3) and to conduct contract negotiations with non-union personnel (MGL30A, § 21 (a) (2) for the Town Administrator. The motion carried 5-0-0 by roll call vote: Weinstein – *aye*; Burgess – *aye*; Wisotzky – *aye*; Worthington – *aye*; and Coburn – *aye*.

The Board moved into executive session at another location in Town Hall at 6:00 p.m.

MEETING MINUTES - SPECIAL MEETING

JUDGE WELSH ROOM - 260 COMMERCIAL STREET**

Chairman Donegan convened the open meeting at 5:00 p.m. noting the following attendees:
Board of Selectmen members: Thomas Donegan, Cheryl Andrews, and Robert Anthony.

Excused: Raphael Richter & Erik Yingling

Other attendees: Town Manager David Panagore, Assistant Town Manager David Gardner, DPW Director Richard Waldo, Water Superintendent Cody Salisbury, Truro Town Administrator Rae Ann Palmer, and the Truro Board of Selectmen: Chairman Paul Wisotzky, Jay Coburn, Jan Worthington, Maureen Burgess, and Robert Weinstein and Truro Health Conservation Agent Patricia Pajaron.

Recorder: Loretta Dougherty

1. Joint Meeting with Truro Board of Selectmen:

A. Water System Update:

Chairman Tom Donegan welcomed the members from the Truro Board of Selectmen. Truro Board of Selectmen Chairman Paul Wisotzky called the Board to order at 5:02 p.m. and members were introduced. Superintendent Cody Salisbury and DPW Director Rich Waldo appeared to present a PowerPoint presentation on the Water System Status Update. This presentation may be found on the Town's web page www.provincetown-ma.gov under the Water Department.

Superintendent Cody Salisbury last presented a water system update to the Boards in 2013. Highlights from the presentation given were as follows: The Town of Provincetown Water Department maintains a total of three ground water resources located in the Town of Truro: the Knowles Crossing Wellfield consisting of three gravel packed wells; the Paul Daley Wellfield consisting of six active gravel packed wells, and the North Union Field Well Site consisting of two gravel packed well. The distribution system consists of approximately 42 miles of water mains; two water storage tanks; 250 fire hydrants; 675 gate values, and we have 3,725 services accounts. The year 2015 was the first full calendar year that the Knowles Crossing Water Treatment Plant, located at 143 Shore Road in North Truro had been in operation. Both the Knowles Crossing Wellfield and the Paul Daley Wellfield are treated at this facility, primarily for iron and manganese removal. During the 2014 and 2015 peak seasons, the treatment facility operated flawlessly and in recent laboratory reports show continued removal of all detectable levels of iron and manganese in the source water.

The cleaning of the Mt. Gilboa tank was done last year; prior cleaning was done in 2005. The interior of the tank was found to be in remarkable condition. There was no coating failure on the inside and needs no future interior maintenance for quite some time. It took approximately 2,900,000 gallons to refill the Mt. Gilboa tank after draining it for the maintenance work. The overall annual withdrawal from all sources for 2015 was 257,542,581 gallons which was an increase of 22,332,420 gallons over 2014. The overall

annual daily average withdrawal was 705,596 gallons per day; the Massachusetts Department of Environmental Protection (DEP) permit is restricted to an annual daily withdrawal of 850,000 gallons per day. This increase was mainly attributed to leakage throughout the system. We have an aggressive leak detection process which has significantly reduced Unaccounted-for-Water (UAW) in recent years. In 2015 water mains were found to be leaking. One leak was caused by a PVC leaking into the ground. Above the PVC was an abandoned cast iron main which was smashed and not capped off properly that was acting as a drainage passage way so the water never surfaced. In October we had a water main leak created by a circumferential crack that had been leaking for quite some time. The Massachusetts Rural Water Association has provided support for the Water Department with leak surveying; most recently in January of 2016. The Provincetown Water Department has begun isolating portions of the distribution system while watching, in real-time, a flow meter located at the Mt. Gilboa tank. This effort helps identify specific areas in the system which may be experiencing leakage. The Water Department has been monitoring for several years, during the off-season, the early morning flow information by zones between the hours of 2:00 a.m. and 5:00 a.m. which is typically the lowest demand hours of a day. Based upon historical trends, the majority of the observed flow rate between these hours is attributed to leakage, some of which is metered and some not metered. As leaks are repaired, it is reflected in the flow rates.

Truro Selectman Jay Coburn asked how the difference is calculated between the demand for water and the unaccounted for water.

The Water Department knows how much water is sold and how much is produced based upon information from our meters, and there is a small amount of water used for firefighting, street sweeping, and water main flushing. The amount left over is the unaccounted for water. We do lose approximately 13 million gallons in the process.

Jay asked where that water goes.

Cody stated it goes back into the well field and filters back down. He shared the scheduled water rates; these have been the same since 2009.

Tom talked about operating expenses and mentioned that we are spending a lot of money for the summer demand. We may not be fully covering the summer demand with our peak season; it would be against summer usage rather than winter usage.

Truro Selectman Paul Wisotzky asked Cody if he has noticed any trends for the summer versus off season usage.

Cody referred to the PowerPoint which showed the trends as being flat for about the last 10 years. In overall meter consumption December, January, and February over the past four years have remained pretty flat.

Tom stated that we saw the month of September as being greater than June for the first time last year.

Jay stated that he would personally be in favor of shifting the burden to the summer consumers which would be consistent with other policy issues they have considered. Truro is in a slightly different position in funding the water system management plan. The majority of the taxpayers are not directly benefiting from the water system. As much as the

improvements associated with the water system can be born through the water enterprise fund that would certainly be their preference.

B. Discussion of Draft of Inter-Municipal Agreement:

Paul W. stated they had looked at this at their last Board of Selectmen meeting and thanked David P. and our shared Town Counsel for putting it together.

MOTION: Move that the Board of Selectmen vote to approve the Inter-Municipal Agreement, as submitted.

Motion: Cheryl Andrews

Seconded: Robert Anthony

3/0/0 Motion passed.

Truro Selectman Jay Coburn made a motion to approve the Inter-Municipal Agreement, as submitted with a second by Selectman Maureen Burgess. The motion passed by a vote of 5/0/0.

C. Discussion of Legislative Agenda (Home Rule Petition):

Tom asked if there was anything that can be done in the next month regarding our Home Rule Petitions before the Legislature.

Jay stated that they have a very busy agenda on Beacon Hill and we may be faced with a new Senator next year. He suggested that both Boards request Representative Peake to set up a meeting with Speaker DeLeo and invite other towns within Representative Peake's district to attend this meeting. A new bill was introduced a month ago by Senator Wolfe and a Boston delegation to address cities that are facing a surge in AirBnBs.

Tom will send a letter asking for the meeting.

Paul suggested that one Board member from each town on the Cape go to Boston.

Cheryl commented on the extent of the number of homes in Provincetown that are rented out and are now being viewed as commercial activity which is outside of our zoning bylaws. She had nothing specifically in mind at present but wanted to get feedback as to what Truro is doing now. Do people generally accept this practice in all of their zones?

Paul stated that he has not heard anything. Their zoning is very different. There is not much commercial zoning and they have a very small condo community which is not seasonal. Vacation rentals are single family homes and he has heard no feedback from anyone objecting to it in any neighborhoods or by their neighbors. They do see the need to figure out a way to capture the revenue and believe that it is also a fairness issue as it relates to their bed and breakfast and motel establishments.

Without objection Tom adjourned the meeting at 5:59 p.m.
