- The Board of Selectmen may direct the Chief of Police to assign one or more police officers to be present in or about the building or on the land site whenever in their judgment the preservation of peace and good order may require it; the cost thereof shall be paid by the organization or persons using the public building or land.

- 1-9-12 **Building Materials and Rubbish.** Any person who intends to erect, repair or take down any building on land abutting on any way which this town is obliged to keep in repair, and desires to make use of any portion of said way for the purpose of placing thereon building materials or rubbish, shall give notice thereof to the Building Commissioner. Thereupon, the Building Commissioner may grant a permit to occupy such a portion of said way to be used for such purposes as in their judgment the necessity of the case demands and the security of the public allows-such permit in no case to be in force longer than ninety days, and to be on such conditions as the Building Commissioner may require; and especially in every case, upon condition that during the whole of every night, from sunset in the evening until sunrise in the morning, lighting shall be placed so effectually to secure all travelers from liability to come in contact with such building material or rubbish.

These sections include, but are not limited to: intersections, sharp corners, turn-a-rounds, and areas near water sources. Standards for these areas will be identified by the Fire Chief or his designee on a case by case basis.

## **CHAPTER II                    LICENSING AND PERMITS**

### **Section    1            RENTING OR LEASING BUILDINGS**

- 2-1-1 Unless a building is otherwise licensed, it may not be leased or rented residentially for any period of one hundred twenty (120) or fewer days until the building or appropriate portion of it has been registered with the Licensing Agent. (Separate rental or lease periods totaling more than one hundred twenty (120) days in any calendar year will not excuse compliance with this Bylaw if any single rental or lease period is one hundred twenty or fewer days in length.) The rental or lease of summer homes is the principal, but not exclusive, subject of this Bylaw.
- 2-1-2 The Town's Licensing Agent shall determine the number of persons that the premises can legally accommodate and shall issue a certificate of registration of the premises. The Licensing Agent will follow the Board of Health regulations and the Board of Health's bedroom count in such determination. The certificate shall be posted conspicuously on the registered premises and reflect this number.
- 2-1-3 Every property owner who offers registered living accommodations for rent shall have available, when absent, an agent authorized to act in case of an emergency that endangers the property or the welfare of any person on the premises. Failure to provide the services of a competent person to act in an emergency shall be deemed sufficient cause, upon an Order of Violation from the Licensing Agent for a fine and/or for the revocation or suspension of the certificate of registration, as described in Appendix A of this document.
- 2-1-4 Any building or portion thereof which must be registered in accordance with this Bylaw must be so registered each year, and a fee may be charged for this registration. This fee shall be fixed annually by the Board of Selectmen, and the amount of this fee shall bear a reasonable relationship to both the cost of administering the rental registration program and the benefits conferred upon the property owners and the tenants.
- 2-1-5 The tenant occupying a portion or all of a building registered in accordance with the provisions of this Bylaw shall be eligible to park at all Town beach parking lots, including those available only to holders of a resident's beach sticker, and shall be eligible for a beach parking sticker at a non-resident's rate. Regardless of the length of their occupancy, such tenants shall become eligible for off-road vehicle (ORV) permits at non-resident rates, and they shall also become eligible for transfer-station stickers at non-resident rates.
- 2-1-6 The funds generated by the rental registration fees shall be available generally to defray the costs of registration record keeping, the administration of the beach program, the maintenance and improvement of Town beaches and parking lots, the installation of signs, the furnishing of sanitary facilities, the provision of facilities for the physically handicapped, and the supply and operation of associated amenities.
- 2-1-7 Failure to comply with any section of this Bylaw shall subject the owner to a fine for each offense as described in Appendix A and loss of rental certificate.

## **Section 2. YARD SALES**

2-2-1 Any person or organization may conduct a yard sale by first obtaining a permit from the Licensing Agent for a fee to be determined by the Board of Selectmen. Not more than four such permits may be granted for any particular location per calendar year. Each yard sale may occur for not more than two consecutive calendar days. Each permit must be posted conspicuously on the premises during the sale. The permit holder shall be responsible for the parking of motor vehicles so as not to hinder the free flow of traffic. Any signs advertising the sale must be removed by the end of the sale. At the yard sale, the offering for sale of used articles by others may take place with the concurrence of the owner of the property on which the sale takes place.

For the purpose of this Bylaw, "yard sale" is defined as the offering for sale of property originally acquired for personal use and not for the purpose of resale.

Whoever violates the provisions of this Bylaw shall be subject to a penalty as described in Appendix A of this document. Each day a violation exists shall be deemed a separate offense.

## **Section 3. LICENSES AND PERMITS**

2-3-1 The provisions of M.G.L. ch. 40, § 57, as amended by St. 1996, c. 74, §§1, 2, relative to the granting or renewing of certain licenses and permits in cities and towns are accepted.

2-3-2 The Tax Collector shall annually furnish to each department, board, commission, or division, hereinafter referred to as the licensing authority, that issues licenses or permits including renewals and transfers, a list of any person, corporation, or business enterprise, hereinafter referred to as the party, that has neglected or refused to pay any local taxes, fees, assessments, betterments, or other municipal charges for not less than a twelve-month period, and that such party has not filed in good faith a pending application for an abatement of such tax or a pending petition before the Appellate Tax Board.

2-3-3 The licensing authority may deny, revoke or suspend any license or permit, including renewals and transfers of any party whose name appears on said list furnished to the licensing authority from the tax collector or with respect to any activity, event or other matter which is the subject of such license or permit and which activity, event or matter is carried out or exercised or is to be carried out or exercised on or about real estate owned by any party whose name appears on said list furnished to the licensing authority from the tax collector; provided, however, that written notice is given to the party and the Tax Collector, as required by applicable provisions of law, and the party is given a hearing, to be held not earlier than fourteen days after said notice. Said list shall be prima facie evidence for denial, revocation, or suspension of said license or permit to any party. The Tax Collector shall have the right to intervene in any hearing conducted with respect to such license denial, revocation, or suspension. Any findings made by a licensing authority with respect to such license denial, revocation, or suspension shall be made only for the purposes of such proceeding and shall not be relevant to or introduced in any other proceeding at law,

except for any appeal from such license denial, revocation, or suspension. Any license or permit denied, suspended, or revoked under this section shall not be reissued or renewed until the license authority receives a certificate issued by the Tax Collector that the party is in good standing with respect to any and all local taxes, fees, assessments, betterments, or other municipal charges, payable to the Town on the date of issuance of said certificate.

- 2-3-4 Any party shall be given an opportunity to enter into a payment agreement, thereby allowing the licensing authority to issue a certificate indicating said limitations to the license or permit and the validity of said license shall be conditioned upon the satisfactory compliance with said agreement. Failure to comply with said agreement shall be grounds for the suspension or revocation of said license or permit; provided, however, that the holder be given notice and a hearing as required by applicable provisions of law.
- 2-3-5 The Board of Selectmen may waive such denial, suspension, or revocation if it finds there is no direct or indirect business interest by the property owner, its officers or stockholders if any, or members of his immediate family, as defined in Section 1 of Chapter 268 in the business or activity conducted in or on said property. This Bylaw shall not apply to the following licenses and permits issued under the authority of the following cited General Laws: open burning, Section 13 of Chapter 48; bicycle permits, Section 11A of Chapter 85; sales of articles for charitable purposes, Section 33 of Chapter 101; children work permits, Section 69 of Chapter 149; clubs, associations dispensing food or beverage licenses, Section 21E of Chapter 140; dog licenses, Section 137 of Chapter 140; fishing, hunting, and trapping licenses, Section 12 of Chapter 131; marriage licenses, Section 28 of Chapter 207; and theatrical events, public exhibition permits, Section 181 of Chapter 140.

Any person who violates this Bylaw shall be punished by a fine of not more than fifty dollars for each offense.

### **Section 3      SWIMMING POOLS**

3-3-1 Any replacement of, or 50% repair of, pre-existing fence enclosures around private swimming pools shall comply with all provisions of this Bylaw, and all applicable state laws and regulations. Violations of the provisions of the Bylaw shall result in a fine as described in Appendix A of this document.

3-3-2 Water Supply: the filling of a swimming pool that includes 25% or more of its operational capacity must be with water trucked to the site by a commercial water supply company, i.e. not to be filled from the Provincetown water system or private wells within Truro.

Commissioner may issue a demolition permit prior to the end of the mandated delay only upon receipt of written notice from the Historical Review Board that it is satisfied that the applicant has made a serious but unsuccessful effort to develop an alternative to demolition and that there is no reasonable likelihood that the applicant or potential purchasers will be willing or able to rehabilitate, restore, relocate, or otherwise preserve the building or structure. (4/07)

- 6-5-7 If, at the end of the mandated delay, the owner or applicant has failed to develop an alternative to demolition, the Historical Review Board shall within ten (10) working days notify the Building Commissioner who may then issue the demolition permit. (4/07)

(4/08)

Each member of the Committee shall serve for a term of three years, or until the person no longer serves in the position or on the board or committee as set forth above, whichever is earlier. Vacancies on this Committee shall be filed by the corresponding appointing authority. Should any of the boards, commissions, or committees who have appointing authority under this by-law be no longer in existence for whatever reason, the Board of Selectmen shall appoint suitable person(s) to serve in their place(s).

### (c) Responsibilities

The CPC shall consult with existing municipal boards, including the Conservation Commission, the Historical Commission, the Housing Authority, the Open Space Committee, the Planning Board, the Recreation Commission, and the Local Comprehensive Plan Committee or persons acting in those capacities or performing like duties, in conducting its studies. As part of its study, the CPC shall hold one annual public informational hearing, or more at its discretion, on the needs, possibilities and resources of the Town regarding community preservation possibilities and resources, notice of which shall be posted publicly and published for each of two weeks preceding a hearing in a newspaper of general circulation in the Town.

When necessary, the CPC will be responsible for interpreting the CPA (and related regulations), and for ensuring that it is properly and legally implemented in Truro. The CPC may consult with the Board of Selectmen in this regard.

## **Section 2 ADMINISTRATION**

(a) Proposals for consideration by the CPC may be submitted at any time, by any regularly-constituted town committee or any group of ten (10) or more citizens, but no later than November 1 of the calendar year, said proposals to be submitted in writing and signed by a quorum of the members.

(b) In every fiscal year, the CPC must recommend that the Annual or special Town Meeting either spend, or set aside for later spending, not less than 10% of the annual revenues in the Community Preservation Fund for open space (not including land for recreational use); not less than 10% of the annual revenues in the Community Preservation Fund for historic resources; and not less than 10% of the annual revenues in the Community Preservation Fund for community housing. (4/06)

With respect to community housing, the CPC shall recommend, wherever possible, the reuse of existing buildings, or construction of new buildings, on previously developed sites.

The CPC may include in its recommendation(s) to the Annual or special Town Meeting a recommendation to set aside, for later spending, funds for specific purposes that are consistent with community preservation but for which sufficient revenues are not then available in the Community Preservation Fund to accomplish that specific purpose, or to set aside, for later spending, funds for general purposes that are consistent with community preservation. (4/06)

The CPC allocation recommendation to the Annual or special Town Meeting must account for 100% of all annual revenues and revenues previously set aside, and shall be in the form of an Article in the Warrant, for Town Meeting consideration. (4/06)

(c) For those committees receiving community preservation funds, these funds shall only augment them, not replace existing operating funds. No single purpose shall dominate over a long period of time, i.e. not to exceed five years.

(d) Prior to the Annual Town Meeting and after receiving recommendation(s) from the CPC (by February 1), the Board of Selectmen and the Finance Committee shall each meet at a regularly-scheduled meeting to deliberate and vote on them, and shall provide their committee recommendation(s) within the CPC Article(s) in the Warrant.

## **Section 3 REQUIREMENT FOR A QUORUM AND COST ESTIMATES**

The CPC shall comply with the provisions of the Open Meeting Law, G.L. c. 39, sec. 23B and the Truro Town Charter. The Committee shall not meet or conduct business without the presence of a majority of the members of the CPC. The CPC shall approve its actions by majority vote of those present.

Recommendations to the Annual or special Town Meeting shall include the committee's anticipated administrative and operating costs, not to exceed five percent (5%) of the annual revenues in the Community Preservation Fund. (4/06)

**Section 4 AMENDMENTS**

This by-law may be amended from time to time by a majority vote of the Town Meeting, consistent with the provisions of G.L. c.44B.

**Section 5 SEVERABILITY**

In case any section, paragraph or part of this by-law is for any reason declared invalid or unconstitutional by any court, every other section, paragraph or part shall continue in full force and effect.

**Section 6 WHEN EFFECTIVE**

Provided that the Community Preservation Act, MGL c. 44B, is accepted at the 2005 Annual Town election, this section shall take effect upon approval by the Attorney General of the Commonwealth and after all requirements of MGL. c. 40, sec. 32 have been met. Each appointing authority shall have thirty (30) days after the effective date to make its appointments.

# **CHAPTER VIII TRURO CONSERVATION BYLAW (eff 9/30/2010)**

## **Section 1 PURPOSE**

8-1-1 The purpose of this Bylaw is to protect the natural resources and wetlands existing in the Town of Truro by review and control of activities deemed to have a significant direct or cumulative adverse effect upon resource area values, including but not limited to public or private water supply, groundwater supply and quality, flood control, erosion and sedimentation control, storm damage prevention including coastal storm flowage, water quality, water pollution control, fisheries, shellfisheries, wildlife habitat, rare species habitat including rare plant and animal species, and aquaculture.

## **Section 2 DEFINITIONS**

8-2-1 Except as otherwise provided in this Bylaw or in regulations of the Conservation Commission (hereinafter "Commission"), the definition of terms in this Bylaw shall be as set forth in the Wetlands Protection Act (G.L. c. 131 s.40) and Regulations thereunder (310 CMR 10.00).

## **Section 3 JURISDICTION**

8-3-1 No person shall remove, fill, dredge, build upon, degrade, discharge into or otherwise alter any Resource Area or buffer zone without first filing a written Notice of Intent with the Commission of the Town of Truro and receiving and complying with an Order of Conditions issued by said Commission pursuant to this Bylaw.

8-3-2 Other than for emergency exemption identified in Section 9 herein, and the agricultural exemption contained in the Wetlands Protection Act (G.L. c. 131 s.40) and Regulations thereunder (310 CMR 10.00), no other exemptions shall apply to this Bylaw, and a permit shall be required as set forth in this Bylaw whether or not an Order of Conditions is also required under the Wetlands Protection Act or Regulations thereunder.

## **Section 4 APPLICATIONS AND PROCEDURE**

8-4-1 A written application in the form of a Notice of Intent (NOI) shall be filed with the Commission prior to the performance of any activities which involve removing, filling, dredging, building upon, degrading, discharging into or otherwise altering any Resource Area protected by this Bylaw. The permit application shall include such information and plans as are deemed necessary by the Commission to describe both the proposed activities and their effects on the Resource Areas protected by this Bylaw. The NOI application shall be sent by certified mail or be hand-delivered to the Commission at the Town Offices.

8-4-2 Upon the written request of any person, the Commission may make a Determination of Applicability of this Bylaw to any proposed activity or to any area. Such a Request for Determination of Applicability (RDA) shall include such information and plans as are deemed necessary by the Commission to make the determination.

8-4-3 Filing of NOI or RDA application may be accomplished in the same manner as provided in the Massachusetts Wetlands Protection Act (G.L. c. 131 s.40) and Regulations thereunder, and shall conform in all respects with any submission guidelines adopted by the Commission as part of its Regulations. The Commission, in its discretion, may hear any oral presentation under this Bylaw at the same public hearing required to be held under the provisions of the Wetlands Protection Act. The Commission may combine the orders issued under this Bylaw with the orders issued under the Wetlands Protection Act.

8-4-4 At the time of filing an NOI or RDA application with the Commission, the applicant shall pay a filing fee set by the Commission to cover the costs of administering this local Bylaw. This fee is in addition to that required by the Wetlands Protection Act. These fees are not refundable.

8-4-5 Upon receipt of an application, or at any point during the hearing process, the Commission is authorized to require an applicant to pay a consultant fee for the reasonable costs and expenses borne by the Commission for specific expert engineering and other consultant services deemed necessary by the Commission to come to a final decision on the application. The specific consultant services may include, but are not limited to, performing or verifying the accuracy of resource area survey and delineation; analyzing resource area functions and values, including wildlife habitat evaluations, hydro geologic and drainage analysis; and researching environmental or land use law. The exercise of discretion by the Commission in making its determination to require the payment of a consultant fee shall be based upon its reasonable finding that additional information available only through outside consultants is necessary for the making of an objective decision.

## **Section 5 NOTICE AND HEARING**

8-5-1 Any person filing an NOI, RDA or any other application with the Commission shall, at the same time, give written notice thereof, by certified mail (return receipt requested) or by hand delivery, to all abutters at their mailing addresses shown on the most recent applicable tax list of the assessors, including owners of land directly opposite any water body or any public or private street or way, and abutters to the abutters within 300 feet of the property line of the applicant, including any in another municipality. The notice to abutters shall enclose a copy of the application or request, and shall state where site plans and additional information filed with the Commission may be examined and obtained by abutters. An affidavit of the person providing such notice, with a copy of the notice mailed or delivered, shall be filed with the Commission. Written notice of the public hearing on such application shall be given by the Commission at the cost of the applicant at least five business days prior to the hearing, in a newspaper of general circulation in the municipality.

8-5-2 The Commission shall commence the public hearing within 21 days of receipt of a completed application unless an extension is authorized in writing by the applicant. The Commission shall have authority to continue the hearing to a specific date announced at the hearing, for reasons stated at the hearing, which may include the need for additional information from the applicant. The Commission shall issue its decision, order or determination in writing within 21 days of the close of the public hearing thereon unless the applicant consents, in writing, to an extension.

## **Section 6 ACTION ON APPLICATION**

8-6-1 If the Commission, after a public hearing, determines that the activities which are subject to the permit application or the land and water uses which will result therefrom, are likely to have a significant individual or cumulative effect upon the resource area values protected by this Bylaw, the Commission shall issue an Order of Conditions, permitting the activities requested or denying the application.

8-6-2 If the Commission issues an Order of Conditions permitting the work, the Commission shall impose conditions which the Commission deems necessary or desirable to protect those values, and all activities shall be done in accordance with those conditions.

8-6-3 Where the work cannot be conditioned to avoid or prevent significant or cumulative effects upon the Resource Areas protected under this Bylaw, the Commission shall issue an Order of Conditions denying the project for failure to meet the requirements of this Bylaw. It may also deny a permit application for failure to meet the performance standards and other requirements provided for in the regulations of the Commission.

8-6-4 The Commission shall take into account the cumulative adverse effects resulting from past activities, permitted and exempt, and foreseeable future activities. In all determinations of the Commission, the applicant shall have the burden of proving by clear and convincing evidence that the activity proposed will not have a significant direct or cumulative effect upon the environmental values protected by this Bylaw. Due consideration shall be given to any demonstrated hardship on the applicant by reason of denial, as presented at the public hearing. Failure to provide adequate evidence to the Commission supporting this burden shall be sufficient cause for the Commission to deny a permit or grant a permit with conditions.

## **Section 7 ORDER OF CONDITIONS PERMITTING THE WORK**

8-7-1 An Order of Conditions ("Order") shall expire three (3) years from the date of issuance. Any Order may be extended for a period of up to two (2) additional years, provided that a request for renewal is received in writing by the Commission prior to the expiration. Notwithstanding the above, an Order may identify specific conditions which shall remain enforceable for a stated number of years beyond three (3), or indefinitely, or until permanent protection is in place, and shall be applicable to all successor owners of the land.

8-7-2 If any work subject to an Order of Conditions issued under this Bylaw is not completed within three (3) years from the date of issuance thereof, or any timely granted extension thereof, a new Notice of Intent must be filed, public hearing(s) held and the work re-conditioned or denied by the Commission applying all regulations in effect at the time of re-application.

8-7-3 The Commission may grant waivers and/or administrative review in cases where warranted, pursuant to rules adopted by the Commission.

## **Section 8 APPEALS**

8-8-1 Any person aggrieved by the Commission's order or determination or failure to act may appeal to the Department of Environmental Protection and to an appropriate court.

## **Section 9 EMERGENCY REPAIR EXEMPTION**

8-9-1 Emergency Repairs. The NOI application required by Section 4 of this Bylaw shall not apply to emergency projects necessary for the protection of the property, or health or safety of the citizens of the Town of Truro. As used in this Section, the term "emergency project" means a project to remedy an unsafe or dangerous condition arising from storm, fire, or other disaster. The work permitted by this Section shall only include such work as shall be immediately necessary to ensure safety and to prevent further damage. Where storm or water damage washes out or undermines structure in coastal areas, property owners may secure such structures and may remove debris, and with the prior approval of the conservation agent and at least one member of the Commission, may also add, move or remove sand. In all instances, the emergency project shall be limited in scope to the work necessary to secure the area and prevent further damage. Any more extensive remediation shall only be undertaken in conformity with the procedures set forth in Section 4 of this Bylaw.

8-9-2 Procedure. The work of an "emergency repair" must be detailed in an "Emergency Repair Application" available from the Conservation Agent, and must be filed prior to the commencement of the work or within 24 hours after commencement. No filing fee shall be required. Following inspection of the site by the Conservation Agent, such application may be approved by the Agent, except as to those applications to move, add or remove sand, which may be approved by the Agent and at least one member of the Commission, following the site inspection. Upon completion of the "emergency repair" the applicant shall so certify to the Commission. All emergency repair applications, permits and certificates of completion shall be reviewed at the next regularly scheduled meeting of the Conservation Commission. All "Emergency Repair Applications," permits and certificates of completion shall be maintained as public records of the Commission.

## **Section 10 SECURITY**

8-10-1 The Commission may require the posting of security in the form of a deposit of money, or negotiable securities, or other undertaking of financial responsibility, or a bond with surety running to the municipality, and sufficient as to form and surety in the opinion of the Commission's Counsel, to secure faithful and satisfactory performance of the work required by any Order of Conditions, in such sum and upon such conditions as the Commission may require. The amount of such bond shall not exceed 150% of the estimated cost of the work required or the restoration of affected lands and properties if the work is not performed as required, whichever is greater.

## **Section 11 ENFORCEMENT**

8-11-1 The Commission, its agents and a constable shall have authority to enforce this Bylaw, its regulations and Orders issued thereunder by violation notices, administrative orders, citations, and civil court actions. Any person who violates provisions of this Bylaw

may be ordered to restore the property to its original condition and take other action deemed necessary to remedy such violations, or may be fined, or both.

8-11-2 Any person who violates any provision of this Bylaw, or regulations, permits or administrative orders issued thereunder, may be punished by a fine of not more than \$300.00. Each day or portions thereof during which a violation continues shall constitute a separate offense. If more than one, each condition violated shall constitute a separate offense.

## **Section 12 REGULATIONS**

8-12-1 After public notice and public hearing, the Commission may promulgate and, from time to time, amend, rules and regulations to effectuate the purpose of this local Bylaw, which shall become effective when voted by the Commission and filed with the Town Clerk. Failure or delay by the Commission in promulgating such regulations, or a legal declaration of their invalidity by a court of law, shall not act to suspend or invalidate the effect of this Bylaw, nor shall such failure be construed to require the Commission to apply only the minimum standards contained in the Wetlands Protection Act and Regulations where this Bylaw authorizes greater protection for Resource Areas protected by this Bylaw.

8-12-2 The Commission's regulations issued under the provisions 8-12-1 shall be subject to the following referendum process:

(a) Ten (10) voters registered in Truro may petition the Commission to rescind a regulation.

(b) If the Commission does not rescind its regulation within sixty (60) days after receiving the petition, the petitioners shall notify the Board of Selectmen which shall, for the next Town Meeting for which a Warrant has not been posted, place on the Warrant an Article in substantially this form: Shall the Conservation Commission's regulation stating [insert text] be disapproved?

(c) If a majority of the voters at the Town Meeting vote to disapprove the regulation, the regulation shall thereby be repealed; otherwise, the regulation shall remain in effect.

## **Section 13 SEVERABILITY**

8-13-1 The invalidity of any section or provision of this Bylaw shall not invalidate any other section or provision thereof, nor shall it invalidate any order of determination which previously has been issued.
