				Replacing gable wall of shingles facing the driveway, see attached photo. Replacing with white cedar shingles. Rot repair: Replacing approximately six 15-foot-long clapboard sections located below the front right windows of the house. The two lowest rows will be replaced with Azek water table. On the left side of the house, we will remove the unused stairs leading to the screened porch. This is a seasonal porch with only screens and no doors. We will install an Azek 1x16'x18' water table directly below the screened porch. Please refer to the drawing, which illustrates the trim between each screened opening that also needs to be replaced with Azek.
