

**Town Of Truro  
Commonwealth of Massachusetts  
Energy Committee Minutes**

**February 8, 2021**

A meeting of the Energy Committee was held on February 8, 2021, convened at 4:30p via GoToMeeting. Attending from the Energy Committee were Brian Boyle (Chair), Mark Farber, Bob Higgins-Steele, Nancy Medoff, James Nash, and Todd Schwebel, being all of the Committee.

**Minutes** of the prior meeting were not available.

**Town Projects.** Bob reported that Rise Engineering is doing a study of air infiltration at the Truro Central School. The study will be fully funded by Cape Light Compact. Jarrod is looking into funding for other projects as well.

**CVEC.** Mark has not yet completed a draft proposal to the Select Board for joining CVEC.

**Solar Net Metering Credits.** We have not received the updated proposal from CVEC for selling our excess credits. Mark will contact CVEC about it. Bob will contact the Wellfleet Energy Committee to see if their contract provides any guidance for our process.

**Net Zero and Passive House.** Todd reported on a prospective net zero manufactured home being considered in Truro. The Committee had a lengthy discussion of this project and how it might be used as a model for others in Truro.

**Walsh Property.** The Committee has reviewed a draft memo to the Select Board requesting the appointment of a liaison to the Walsh Property Community Planning Committee. Brian will complete and submit the memo.

**Solar on the Landfill.** The Committee briefly discussed what next steps should be taken to pursue solar on the landfill now that it has received certified closure.

**Public Comment.** No members of the public were present.

The next meeting will be held on March 8, 2021, 4:30p. The meeting was adjourned at 5:40p.
