Dear ZBA Chair and Members:

During the November 5th ZBA public hearing, we requested an opportunity to summarize to the Board several matters of serious and immediate concern to the Pond Village Watershed community. This includes information that has come to our attention during the past two ZBA meetings, as well as new matters raised by the Cape Cod Commission that bear directly on our questions.

We cannot submit our full response in time for the November 12 meeting given that: (a) the ZBA hearing schedule provides us with no more than one business day (i.e., Friday, November 6) to prepare our response, and (b) the Cape Cod Commission’s November 3 letter to the ZBA was not part of the official agenda packet and we were not made aware of it until 5:30 PM on November 5 (i.e., the start of the November 5 ZBA meeting). We are therefore providing you with this outline of unaddressed questions and new information that we are prepared to bring to the ZBA at its next hearing continuation date following the November 12 hearing.

- Issues raised in the Cape Cod Commission’s November 3 letter as yet unaddressed by the ZBA, as well as those raised by Pond Village to the Cape Cod Commission.
- Health model components
  - Effluent downgradient modeling
  - Impact on Pond Village Residents’ health, given pre-existing conditions known to the Town for at least 7 years
- Small wastewater treatment plant (SWWTP) post-installation
  - Contingency plan
  - Operations and Maintenance plan
- Due diligence on SWWTP vendor
  - Review of data on HSMBR pilot systems installed in MA, RI, and CT
  - Biometrics’ role with respect to the maintenance of the SWWTP for the 99-year duration of the project
- Aspects of the SWWTP preliminary design
  - Adequacy of leaching field
  - Reserve area grade and accessibility
- Health waiver conditions and their adequacy to provide health protections for Pond Village

In a spirit of community participation and cooperation, during the November 5 public hearing, we requested that you reserve up to 30 minutes on your agenda to take stock of where we are in this process as it relates to our questions and overarching concern for the health and safety of residents of the Pond Village watershed. We are in the process of preparing a succinct and informative presentation for the Board to cover the points outlined above.

Respectfully,

Members of the Pond Village Community
