The Regulatory Oversight Group was established in accordance with the Certificate of the Secretary of Energy and Environmental Affairs on the Final Environmental Impact Report for the Herring River Restoration Project (EEA Number 14272). The Regulatory Oversight Group consists of representatives of local, county, state and federal agencies and the Mashpee Wampanoag Tribe. The Herring River Restoration Project is being undertaken by the Town of Wellfleet, MA and the National Park Service Cape Cod National Seashore. Phase 1 of the project is currently being implemented and upon completion will restore 570 acres of former tidal wetlands. The agenda for the November 20th meeting is attached to this notice.
