#### **Cape Cod 2024 Regional Transportation Plan Survey Now Open**

*Share your vision for Cape Cod's transportation future*

For Immediate Release (March 24, 2023) – The Cape Cod Commission is seeking comments and input from the public to support development of the 2024 Regional Transportation Plan (RTP). An [online survey](#) is now open.

The RTP sets the long-range vision for the transportation system on Cape Cod in 2050. It is the primary means for the allocation of federal and state funds for the Cape's transportation needs. The Cape Cod Metropolitan Planning Organization (MPO), a collaboration of local, regional, state, and federal transportation officials, is charged with updating the RTP this spring.

The Cape Cod Commission wants to hear from you. What is your vision for the future of transportation on Cape Cod? More sidewalks and bike paths? Increased bus service? Commuter rail? Improved pavement conditions? Replacement of the existing Canal bridges? Safer roadways? Increased access to electric vehicle charging stations?

To learn more about the Regional Transportation Plan, see a calendar of upcoming meetings, and participate in the online survey, please visit [www.capecodcommission.org/rtp](http://www.capecodcommission.org/rtp).

Groups interested in sharing their unique perspective on their future transportation needs are encouraged to contact the Cape Cod Commission staff to schedule a brief meeting to further discuss their vision.

###

ABOUT THE CAPE COD COMMISSION: The Cape Cod Commission is the regional land use planning, economic development and regulatory agency for Barnstable County, Massachusetts. It was created in 1990 to serve the citizens and 15 towns that comprise Cape Cod. The Commission works toward maintaining a healthy balance between economic progress and environmental vitality. "Keeping a Special Place Special" describes the agency's mission to protect the region's unique qualities. The 19-member volunteer Cape Cod Commission board represents a wide spectrum of the community and provides oversight for a staff of 40 professionals.
