PRESS RELEASE

Public Service Announcement – Channel 18 Moves to Channel 8

FOR IMMEDIATE RELEASE: August 18, 2023 – Truro's local broadcasting channel 18 has been relocated to channel 8. The transition was executed by Comcast earlier this week without notice to town staff.

No action is needed for current Comcast subscribers; the transition is automatic. The channel shift maintains convenient access to live broadcasts of meetings, local news updates, events, and reruns, all available on channel 8.

For more information contact your local Comcast provider. To view online, visit the town's website: [Truro TV \(cablecast.tv\)](http://TruroTV(cablecast.tv)).
