## Truro Central School

My favorite place in Truro is Truro Central School. To begin with there is so much to learn. Another thing is that I get very excited to play tag at recess. Third of all, the kids there are so cheerful and there is no bullying. You haven't lived in Truro if you haven't visited Truro Central and met the nice kids who go there.

## Puma Park

A really amazing place to visit in Truro is Puma Park.

First of all Puma Park is very enjoyable because of the black tire swing with blue chains, which gets very high once you get it going.

Second, Puma Park is a perfect location to play tag and hide and seek. It's also an ideal place for play dates and events.

One more thing, it's really convenient that Puma Park is extremely close to the library, so after you check out books you can go play.

So, if you decide to visit Truro, don't forget to drop by Puma Park.

## Longnook Beach

No one would argue that Longnook beach in Truro is the best place. Number one the big waves tower over me like LeBron James. Now I like to collect sea glass after I get out of the water. My favorite color to find is red. Finally, I like to get in trouble going up the dune and down the dune. My cousins and friends join me. Without a doubt Longnook Beach in Truro is the best Truro beach of all.

## Blue Sea Motor Inn

I absolutely love the Blue Sea Motor Inn. One of the best things there is the heated indoor pool and hot tub. I also like to swim at the beach. It is an important place in Truro because tourists can stay there. Something so great about Blue Sea Motor Inn is that my family owns it. To be helpful I like to fold the laundry. Without a doubt if you visit Truro go to the Blue sea Motor Inn.

## Truro Public Library

Wouldn't you agree that the Truro Public Library is the best place in Truro? To begin with, the best part about going there is that I can go downstairs from using the elevator. Another reason why I like going to The Truro Public Library is because I get to play Sushi Party on the computer. Last but not least, I like going there because they have all my favorite book series like *Zoey And Sassafras!* After all, the Truro Public Library is the best place to go in Truro. Well, at least in my opinion.

## Puma Park

A really superb place to go in Truro is Puma Park. First of all, it's close to the library so when I'm done playing I can put together puzzles and check out books. Next, it has a super fun tire swing. Bettina and I push each other high and spinny at the same time. Third, it has a big green loopy slide. There is a window on the side so you can see outside the slide. Those are some of the reasons why Puma Park is a splendid place to go in Truro.

## Pamet Harbor

I am very impressed with Pamet Harbor. First I catch crabs there. I use my bare hands to catch them. Then I make a sand castle for them. Also fishing at Pamet Harbor can be really fun. One time my dad caught a striper. Finally, Pamet Harbor is a great spot to see the sunset. As you can see, Pamet Harbor is a great place to visit.
