The Best of Truro

There are many reasons why Truro is an outstanding town to live in. For example, there are many beaches nearby where you can dive into the water, play with beach balls, surf and boogie board. Not to mention, you can meet many new people. Also, the wildlife at the beach has some amazing birds for birdwatchers, as well as many seals of many colors, shades, and sizes! You may also like the kettle ponds! It is stunning how these ponds were formed by glaciers millions of years ago! Wow! I love to jump off the dock into the ponds and swim until I get tired. The scenery is also cool because the sunrise and sunset look amazing. Plus the pond (the water), it just looks plain astonishing. Most people agree that the small businesses in Truro are staggering. There are a ton of goods, including lettuce, carrots, and cukes. They taste really good, and I'm sure that your taste buds will dance at the first bite of one of these fresh, garden-picked goods. You can also go to Sweet Escape, right next to TCS, which has Choco Chip, Chocolate, Vanilla, Mint Chip, and oh so many more flavors of ice cream. Don't get a brainfreeze though! Lastly, Puma Park is a public playground that has many activities to choose from. Whether it's working out at the workout center, or playing with friends on the climber, I am sure you'll have a great time. So, after reading, what are you waiting for? Cross over Sagamore or Bourne bridge, dive into the town of Truro, and stand in awe as you find all of the things Truro has to offer. See you in Truro!

“ Why is Truro the Best Town”

There are many good things about Truro. For example, there's the beautiful beaches, such as Ballston and Head Of The Meadow. The beaches in Truro always have crystal clear water and sometimes if you're lucky sand bars. There are also many fun activities to do at the beach which include swimming, sailing, fishing, surfing, boogie boarding and having bonfires. Another one of my favorite things about Truro is the amazing wildlife like birds, whales, seals and especially the adorable Sea Turtles. Of course, another great thing about the town of Truro is the Truro Central School garden. In the garden we grow things like tomatoes, sunflowers, cosmos, zinnias, kale, mint, cucumbers, eggplants, basil, rosemary, brown cherries

and so much more. Of course you'll find many of these fresh foods at the Truro Central School cafeteria's delicious salad bar. Lastly, the Pilgrim Springs walk is probably my favorite example of why Truro is the best town to live in because, the walk has fantastic scenery, beautiful wildlife and the walk is filled with history because Pilgrim Springs is the place where the Pilgrims took their first sips of fresh water. As you can see Truro is filled with fun activities and beautiful scenery which makes it one of the best towns. So stop reading this. And go out and explore Truro for yourself!

An example of this is The Tavern which serves Italian food, seafood, and other delicious dinners. Also, Captain's Choice has everything from seafood to football food including sensational wings. If you're

looking for a sandwich to go then you have to go to Box Lunch. They have all different types of sandwiches and soups. Lasty, the best restaurant in town is Sweet and Savory. They have pizza, sandwiches, soups, and subs. Plus, their ice cream is the best. I personally like the black raspberry chocolate truffle. Without a doubt, Truro is the best place you can be. There are so many opportunities to do enjoyable outdoor activities! Growing fresh, delicious vegetables is one of the many things you can do. And if you make a garden, you can grow, harvest, then use the seeds to make a new batch of tomatoes, pumpkins, peppers, or whatever else you're growing. Swimming is another example. In Truro we have the bay side and the ocean side all in one town. And not to mention the close by ponds full of fresh water, or of course, the traditional pool. Speaking of nature, there are plenty of nature trails sprinkled around. For instance, Pilgrim Springs is for sure, a five star trail. And that brings me to my next and best topic, birdwatching. My ultimate favorite thing to do in Truro. The wide variety of birds is crazy! I bet I can name one for every color of the rainbow. As you can see, if you are a nature lover or someone who watches tv or plays video games on the couch all day, snap out of it! Come to Truro!

Montanos in Truro

Let me tell you about my favorite thing in Truro, Montano's. Have you ever wanted food so good that as you swallow it, warmth goes down your throat? you should go to Montano's. The bathrooms smell good, the service is amazing, and the food ohh the food it is absolutely delicious! Also, the owner Bob is super nice. One time, Mom was doing work there and me and my sister Daisy were sitting down and Bob let us "test" ice cream. It was sooooo good! My favorite food there is the potato skins, crispy potatoes topped with bacon shreds and doused with creamy cheese. Lastly, my favorite dessert is ice cream. As soon as it touches your tongue you already feel instant relief because of that rich texture and the sweet flavor. If you like good food, you should go to Montano's.
