Re: Postponement of the October 21, 2023 Special Town Meeting, Already Postponed to November 16, 2023

To the Town Moderator:

This letter serves as my recommendation that you, as the Town Moderator, postpone the October 21, 2023 Special Town Meeting, already postponed to November 16, 2023, for a period of up to fourteen days. My recommendation is based on the opinion of Town Counsel, as well as my own concerns as Town Clerk, about complaints my office has received about the possibility of incorrectly registered voters. Although all of the complaints were completed by November 9, 2023, my office has already received two appeals of the decisions of the Board of Registrars that will need to be heard at a Board of Registrars hearing. The appeal period is 14 days or before the "Town Meeting following". Given the short timeframe between challenged voters being notified of the decision of the Board of Registrars and the deadline to appeal by Town Meeting, I do not feel that this would allow enough time for the complaints to be resolved before November 16, 2023.

Best Regards,

Elisabeth Verde  
Town Clerk
