SOLAR PV AT THE LANDFILL:

Solar lease includes up to \$2,500 for engineering reimbursement. Rae Ann will follow up on engineering requirements to ascertain whether this figure is adequate. Excess capacity of solar will be offered on first-come basis to community residents. A second 5-year extension will be requested in the contract with PowerOptions. Membership fee for PowerOptions will be an ongoing budget item.

DEP UPDATE: The town's attorney is advising on post closure and AT&T trench issues for the town. DEP has had a field evaluation by engineers that confirmed no gas or trench breach by AT&T. Post closure certification and post closure use permit to be sought simultaneously upon completion of remediation work so that solar work can proceed promptly.

GOTV FOR SPECIAL TOWN MEETING NOV. 5: Sally will coordinate GOTV effort. Brian will head up the media, pamphlet and hand-out effort.

Meeting adjourned at 5:15 PM

Respectfully submitted,

Sally Brotman
